

# Meeting Agenda

**Location:** 3217

**Date:** 2012-03-16

**Time:** 11:50

**Facilitator:** Filip Brynfors

**Participants:** Jakob Svensson, Björn Persson Mattsson, Filip Brynfors, Markus Ekström

## 1. Objectives

Continue work on the domain model.

## 2. Reports

- We have put the most important use cases on paper.
- We have completed some of part 2 of the RAD.
- We decided to use jMonkeyEngine instead of doing everything regarding rendering from scratch.
- We have begun working on the domain model.

## 3. Discussion items

- Domain model.

## 4. Outcomes and assignments

### **Outcome:**

- Made some progress with the domain model.

### **Assignments (to be done before the next meeting):**

- Reflect over the domain model individually.
- Read up on jMonkeyEngine.

## 5. Wrap up

### **On the next meeting we will:**

- Discuss about jMonkeyEngine.
- Finalize the first iteration of the domain model.
